The Franklin County Auditor's Office is seeking a Property Data Systems Administrator to join the Real Estate team.

Who are we?

The Franklin County Auditor's Office is dedicated to serving the community by ensuring fairness and accuracy in weight and measures across the county. Our mission is to protect and empower consumers, making sure they receive what they rightfully pay for at gas pumps and retail store scanners. As a trusted steward of county finances, we strive to promote fiscal responsibility and innovative initiatives that benefit all residents of Franklin County.

In addition to these important responsibilities, we assess property values to determine fair property taxes, while also working to provide tax relief for senior and citizens who are disabled. We understand the importance of supporting vulnerable populations and strive to make the process as accessible and accommodating as possible.

We are committed to upholding state regulations by ensuring that our furry friends are licensed. As required by state law, we proudly license dogs, recognizing the significance of responsible pet ownership within our community.

At the Franklin County Auditor's Office, we value the diversity of our residents and businesses and strive to create an environment of fairness, inclusivity, and equity in all our endeavors.

What will you do?

Provides oversight of the EA&T platform and the CAMA system. Builds and maintains software platform expertise in relevant features, operations, end user usage patterns, and through upgrades or other changes; documents how end user business processes are integrated with software functions. Leads projects that integrate and/or expend the software. Drives system upgrades and manage maintenance while coordinating with users and vendors.

Collaborates with the Auditor Information Technology team on end user support, enabling first-contact incident or request resolution where possible and handling escalated incidents and requests as needed.

Provides user support including end user documentation and/or training; serves as the lead communicator between end user and vendor.

Collaborates with vendor support to resolve system issues or user support requests. Collaborates with major 3rd party vendors providing support and development services, as needed (e.g., JustAppraised, OnBase, etc.)

Develops platform monitoring methods and post-patching/post-upgrade testing procedures to validate system efficacy. Supports periodic system regulatory compliance reviews and produces security and audit evidence as needed.

Who should apply?

We encourage individuals with a bachelor's degree from an accredited college or university in information technology or other related field; two (2) or more years of related experience and/or training; or any combination of training, education, or experience which provides the desired knowledge, skills, and abilities to perform the essential functions of this position.

We believe in the power of diversity and inclusivity, and we want to create an exciting and equitable environment for all. You belong here, and we encourage you to apply today!

Why should you work here?

We believe in providing an exceptional benefits package that recognizes the value of our employees: Some of our benefits include:
